Rationale

St Nicholas Catholic High School is a strong, positive and friendly Catholic community. We are fully committed to equal opportunities and believe that every member of the school community has the right to realise their potential in a safe and happy environment.

Introduction

Mobile phones are an integral part of society, and the majority of students own a mobile phone. We understand that, for safety reasons, students may wish to carry a mobile phone whilst travelling to and from school. Mobile phones can, however, lead to safeguarding and well-being concerns such as on-line bullying, disruption to lessons and inappropriate internet usage. Whilst we acknowledge the importance of Mobile phones, the purpose of this policy is to ensure that the negative effect they can have is minimised within school. As a school, we strongly encourage our students to talk with one another and develop friendships during their free time, as opposed to using their mobile phones. As a result, the use of mobile phones on the school grounds is forbidden.

Practice and Process

If a student in Years 7 – 11 chooses to bring a Mobile Phone onto school site, then the phone must be deposited at the Student Support Office as soon as they enter the school site.

Any student seen with a Mobile phone on the school campus will have the phone confiscated. Confiscated phones will be taken to Student Support where the phone will be secured. Students may collect the mobile phone following the confiscation at the end of the school day and parents will be notified.

If a student persistently breaches this policy or fails to hand their phone in, it will be viewed as defiance; the appropriate sanction for defiance will be issued.

Sixth Form students

Sixth Formers are permitted to use mobile phones within the study areas and common room. Under no circumstances should phones be visible during lessons or in the corridors.
